

**A special thank you to the Remington Outdoor Foundation for supporting the Old West Invitational Turkey Shoot, which will be held May 13-15, 2010, in Hulett, Wyoming**

As our signature sponsor, the Remington Outdoor Foundation has taken the lead in providing us with the resources and support we need to make this a first-class event. We appreciate that they have selected us as one of their partners in conservation.

This is another example of how serious the Remington Outdoor Foundation is about forming partnerships and supporting other non-profits and industry leaders to ensure the growth of the outdoor, shooting and hunting experience for generations to come. Remington Outdoor Foundation's mission speaks to their commitment. As a non-profit organization, they support hunting, shooting, outdoor sports and conservation through land preservation, access, education, training, safety, awareness, research and wildlife enhancement.

At the forefront of this mission is an emphasis on instruction and safety as well as conservation programs, to ensure future generations will have the opportunity to enjoy the great outdoors. The Wildlife Heritage Foundation of Wyoming and the Greater Hulett Community Center, in partnership with the Remington Outdoor Foundation, hope you will join us for a truly one-of-a-kind experience. We look forward to being your hosts.

**OLD WEST INVITATIONAL TURKEY SHOOT**
